

# Avon Hospital/Richard E. Jacobs Campus Walking Paths

One lap around the outdoor path is equal to 0.5 miles from the main entrance of the hospital (A) around to the ending point (B)

If you'd rather take your laps indoors: 5 laps around the second floor of the hospital will equal 0.5 miles!

Start at the main elevators, head toward Administration, head right, through the double doors, circle around the hall, passed the service elevators, head right at the OR doors, down the hall, through the other set of doors by SPD, passed Pharmacy enjoying the window views and back toward the main elevators, repeat!
